

CHESAPEAKE AESTHETIC SURGERY

FINANCIAL INFORMATION

Fees at your first appointment

- All consultations for cosmetic surgery assessments are not covered by insurance, and are considered elective and therefore self pay.
- \$200 is due at the time of your visit for all cosmetic consultations and may be paid by cash, check or credit card. This fee may be put toward the total fee for surgery upon scheduling of the procedure.
- If you are seeing Dr. Boyle for a service which is considered medical, such as placement of penile prosthesis, you are responsible for your copay, payable via cash, check or credit card, if required by your insurance. We accept all major credit cards.

Insurance

If you are seeing Dr. Boyle for a medical concern, such as erectile dysfunction, it is essential that you bring your insurance card(s) with you to the office for your first appointment. If you do not bring your insurance card, you will be responsible for payment of the visit at that time.

- A **referral**, if required by your insurance.
- Please be aware that it is **your responsibility** to obtain any necessary referrals and that without a referral you may end up financially responsible for your medical treatment and care. If you have questions regarding your insurance plan and whether you require a referral to visit the doctor, **you** must call the member service number on your insurance card. We must work together to meet the unique guidelines set by each insurance plan; **your job, obtaining necessary referrals, is critical to this process.**
